USB Speakerphone/Conference  
Microphone SV11  
Exquisite and small  
Sound clarity

### Exquisite and small, Sound clarity

Speakerphone for individual, small group use. The SV11U connect to PCs for rich, full-duplex audio communications and can be used with VoIP softphones, Web collaboration, instant messaging and any other applications requiring two-way audio via USB. A perfect addition to the office or conference room for greatly enhanced collaboration.

SV11U can connect it to your PC, tablet and turn any location into a conference room. Eacome SV11U is the perfect solution for conference calls with its compact, intuitive design and outstanding sound quality. It can be set up to take calls or stream multimedia within seconds thanks to a plug-and-play solution. Simply connect to the internet using via a USB cable and you are ready to dial in.

The high quality audio sound and 360-degree microphone enables everyone to hear and be heard from all angles across the speakerphone. But that's not all – you can also use SV11U for listening to your favorite multimedia with crystal clear clarity.

SV11U lets you multitask on your terms – take the speaker with you, connect via USB connection and have full control over your calls directly from your chosen device. Get empowered and make a difference at the office or on the go.
