### Overview

#### Description:

Size: Ranging from 3 inches to 4 inches in length and width depending on the pattern, they are perfect for all members of the family.

DTF transfer film is a hybrid hot peel. This is a solution so versatile that gives you bright colors and is premium coated.

Easy to use: Simply press and go! All you need is a heat press! Even a Hand Iron will work! All gang sheets will now be printed with our new hot peel film, just press and peel.

Instructions: Press time: 10 sec at 302 ° (Some presses may require adjustment to this formula).

Application: For use on cotton, polyester, blends, Tri-blends, leather, spandex, and more.

#### Advantages:

Great color, Soft Hand feel, Fast production transfer.

Easy to use. Make your ideal be true, have a try!

Can be washed multiple times, washable.

long lasting transfer no cracking.

Can be used for dark and light fabric.
