Description:

Wing Banners are great for indoor and outdoor use and are available in a range of sizes. The innovative rotating mechanism allows them to 'feather' out the wind and they are effective individually or in a cluster. Our wing banners are made up of 2 piece aluminum pole and 2 piece carbon pole that inside into `the` hem of a digitally printed and a full-color polyester weave banner that stands upright on the steel base. This portable flag stand are not designed to be used in winds exceeding 20 MPH.

Note:

Graphic artwork and printing idea are both accepted.

QA

Q

I want to make a "sale" flag banner, what kind of information should I offer you to print?

A

You should let me know the words position on the flag, the color of the word and backdrop. Then we will make some proofs to you after you confirm the order.

Reply by [sign-in-china](#)

Q

Can you do the double sided printing on both sides of the flag?

A

Yes, you can have this requirement but the price should be higher than print single side.
