Overview

Product Description:
• Professional manufacturer with factory price
• 5 years warranty
• CE/RoHS Certification
• 50, 000 lifespan
• 160 degree view with transparent lens
• high lumen with 100lumen for per LED
• high quality with Epistar/LG Chip for LED 1.2W

Specifications:
• LED Qty: 1/PCS; SMD5074
• Power: 1.2W
• IP Rating: IP67 Waterproof
• high Lumen and brightness 100 lm for per LED
• 5 years warranty
• LED module manufacturer with factory price

Features:
• Low wattage, energy efficient and major reduction in power costs
• Virtually no maintenance
• Low heat, high brightness, and works well under harsh conditions
• Including 3M adhesive tape for convenient mounting
• Full range of colors: Red, yellow, blue, green, and white
• Input voltage: 12V DC, professionally designed to be fully waterproof
• IP 65 protection degree can be normally operated even in cloudy, rainy and snowy weather
• Solid-state, high shock or vibration resistant
• No RF interference
• Long life 50, 000hours+ (5years+), white LED, 50, 000hours

Application:

- Channel letter backlighting
- Advertisement sign backlighting, backlight or edge lighting for sign
- Advertisement light box and billboard backlighting
- Architectural lighting for window, archway, canopy and corridor
- Decorative lights for holiday, event, show, exhibition
- DIY light for home use

Packing
Conventional is 20 PCS in a string, 100 PCS in one bag

Application:
This LED SMD module is widely used for solid lighting character, LED signs, LED lighting box, scenery designs and décor, etc.

Details

LED Number	1
SMD Package Model	Other
Color	White
Shape	Square
Brightness	High
Material	Plastic

Specifications

Model NO.	LED module-ssl-5074
LED Type	SMD5074
LED Quantity	1 Led
Power Consumption	1.2w
Work Voltage	12V
Beam Angle	160
Color	White
FPC Color	White
Waterproof Grade	ip 67
Work Temperature	-20-60 ?
Life-span	50000

Certificate	
	CE and RoHS
