Includes:

- . Curved aluminum frame with magnetic connections
- . 21 magnet bars
- . 12 plastic strips
- . 27.6m magnet tape
- . 6 PVC panels
- . Hard plastic case

Description:

This trade show display is the attractive mural backdrop for exhibit booths. It's ten-foot wide and fit neatly into most Trade Show Booths. This pop up display is easy to assemble. Users expand the truss simply by pulling it open. The display frame then latch in place after you connected the magnetic blocks. Assembling the unit will take less than 10 minutes! The trade show display is very vibrant and attractive. This pop up exhibit includes a molded hard plastic case. This trade show display case features built in wheels for easy transport of booth materials. The carrying case makes this unit perfect for those users on the go.

Application:

This "pop up display", also known as exhibit booth, is perfect for presenting 10ft wide graphics at trade shows, conventions and exhibitions.

POP UP SYSTEM - SET UP INSTRUCTIONS

- 1, You will find all the needed components in the carrying case

- 2, Remove frame, magnetic bars and the graphic panels from the carrying case

- 3, Place the frame on the floor with hubs with graphic hangers facing up and towards you. Grasp frame scissors and lift to expand frame

- 4, Apply the bars to all vertical quadrants on front side of the frame and to each end on back side of the frame. For a double sided frame, apply the bars also on the back side of the frame.

- 5, Hang the graphic panels on the top hub-hangers letting panels attach to bars. Do the same on both end-caps of the frame.

- 6, Close the transport case, put the black table top
