### Overview

#### UV Ink Tube 4mmx2.3mm For Wide Format UV Printers

##### Description:

This UV ink tube is resistant to MEK and other highly aggressive chemicals. The tube is plasticizer-free and reduces the risk of contamination of the inks. The exceptionally smooth inner surface inhibits particulate build-up. This high quality black UV tube (ID mm2.3, OD mm4) can be used on all UV printers.

**To be used for:** All UV wide format printers

**Remarks:** OEM

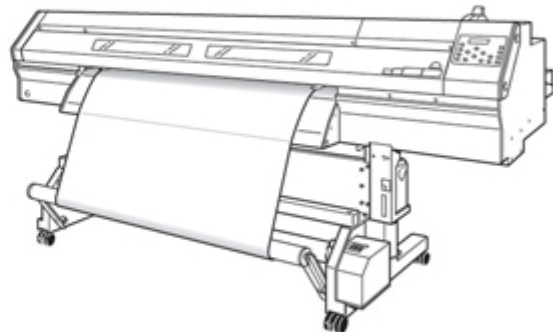

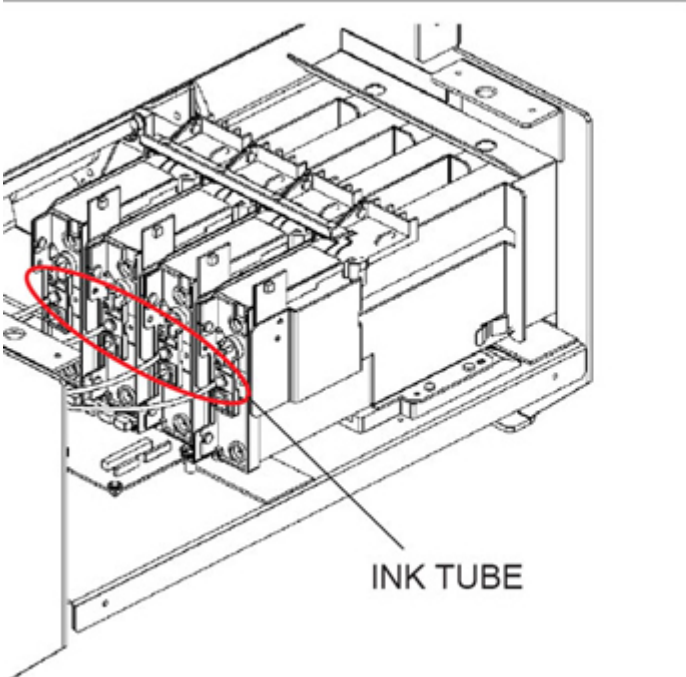

**Details:**

Outside diameter: 4mm  
Inside diameter: 2.3mm

Resistant to MEK and  
other highly aggressive  
chemicals

Installation:
