### Overview

#### Epson Second Time Locked (DX5) Printhead - F186000

**To be used with:** Epson F186000 Second Time Locked

**Part number:** F186000

**Remarks:** Original

#### Description:

The Epson DX5 (Epson fifth generation micro-piezo print head) has a native resolution of 1440dpi, 8 nozzle lines (corresponding with 8 independent ink channels) and 180 nozzles per line. The Epson DX5 is either used in 4-colour or 8-colour printers and has a minimum, variable droplet size of 1.5 pico litre (max. droplet size is 21 pico litre).

**Tips:** Up for sale is a **Brand New** and **Original** Epson Print Head.

#### Application:

It is a new generation print head that allows fast speed, high resolution printing with water-based dye and pigment inks.

#### Attention:

1. The printhead is required to be installed by professional persons.
2. Due to the nature of printer parts and the many factors that go into installing them, we do not accept returns or give refunds on electronic or service parts. Once the package is delivered, it is the customer's responsibility to check the package for damage. If there is any visible damage on the package, please refuse the shipment and call us at +86(10) 63705868 ext 607 or send email to [info@sign-in-china.com](mailto:info@sign-in-china.com).
3. Please seriously pay attention to information of printhead model while purchasing from us. Once receive your item, please inspect if the printhead matches up with the model you required. If you have any problems, it is very important to contact us as soon as possible before installing it onto machine. Please be aware that we don't accept any return and refund once the printhead is installed on the machine.
