Q	<p>Hi! can this Printer be use for publication,printing of calendars,and posters? how do i pay and how would you ship it down to my location kebbi state -Nigeria?</p>

A

Yes, this printer can print on calendars and posters. But our printer is specially for the printing of plate items, such as Organic glass, plastic, glass, leather, marble, special PP, PE, wood, bamboo, etc. We can send you this item by air express or by sea, but I am afraid the air express freight is too high. So we recommend the ocean shipping. Would you please tell me your nearest sea port? so we can figure out the shipping cost, thanks.
