### Overview

## **20" x 39" Clamshell Digital Manual Heat Press Machine**

Description:

The Heat press machine is large format and manual, suitable for transferring large objects. This is a professional machine specialized in large textiles. It contains enough output power to use as preferred. In order for the pressure to be adjusted, the knob must be turned to the right while the machine is in progress. Two separate digital controllers show the exact time and temperature, making it easy to review them. Great value is generated due to fine workmanship, such as a silicon pad, a fine heating panel, an innovative machinery structure and a delicate exterior appearance.

**Features:**

- 20x39 inch, larger format.
- Accurate time and temperature display.
- Enough output power for a convenient use.
- Heating is evenly distributed to guarantee a good work.
- Most customers appreciate the delicate workmanship.

**Detail:**

The pressure is bigger and more average because double pressure adjust knobs to ensure the pressure evenly.

The heat press machine is with exquisite workmanship adopted superior raw material.

**Applications:**

This clamshell heat press machine is widely for transferring T-shirts, bags, pillowcase, mouse pad, ceramic tiles, metal sheets, adornments, etc..

**Warm Tips:**

1. We will send the product with color randomly. Appreciate for your understanding!
2. This T shirt heat transfer machine with larger power need three-phase voltage, please ensure your voltage is enough.
