Overview

FK-EUU4+ load parameter

Monochromatic P10 512 sheets

P20 colorful 512

P16 colorful 327

P13 colorful 227

Monochrome: 1024*256 2048*128 4096*64 512*512

Two color: 1024*128 2048*64 4096*32 512*256

Colorful: 1024*64 2048*32 512*128

Specification:

1. partition: Support free partition
2. .running water: Support program running water; support partition running water
3. no equipment
4. maximum pixel point: Monochrome: 262K point (262144)
Dual color: 131K point (131072) Color: 65K point (65536)
5. slot interface: 32 groups of T12 16 groups T08
6. Display mode: Monochromatic:
Height pixel range: (8-512)
512 * 512 4096 * 64 1024 * 256,
4096 * 2048, 48 * 128
Double color: Height pixel range: (8-512)
64 * 2048 4096 * 32 4096 * 16,
512 * 256 256 * 512
Color: Height pixel range: (8-192) 64 * 32, 1024 * 2048
7. communication interface: Serial port; 485 communication; USB import
8. support object: Gif animation; program running water; partition running water; image; Dial; timing; and so on
9. timing switch machine support
10. temperature and humidity support
11. full screen test support

12. support program background, partition background
