Overview

Description:

This 24.8" (629.92mm) vinyl cutting plotter has a contour cutting function and is used to cut all kinds of pictures, letters, and similar materials on self-adhesive vinyl, sticker. It is made in China and comes with one year warranty.

Applications:

This cutting plotter is great for business usage; it is able to make any kind of design and it works faster and easier than other models. This machine can be used for stickers, signaling, glass decal signaling, penaflex, vinyl decal, masking film for painting or etching, vinyl lettering, decorative scrapbook papers, card stock, stencils, magnetic sheets, etc. As well as all kinds of flexible heat transfer media like T-shirts, magic cut colored paper for garments, etc.

Product Highlights:

- Low cost and high performance machine for the manufacture of signaling.
- Controlled by RISC high-speed processor, a high speed cache.
- Unique soft impact cutter for smooth cutting.
- This cutting plotter adopts the latest numerical technology, which creates a new concept of cutting.
- It can regulate the pressure and speed numerically at real-time, which is very convenient and can be achieved fast.
- It has a perfect output: there's no saw tooth even when using high speed.
- It supports CorelDraw files, bringing great convenience to work.
- The cutting plotter is highly stable and has nearly no malfunctions.
- It has a stylish design and very solid support. It doesn't shake while cutting.
- The cutting plotter has LCD with a very accurate and simple English Menu, operated it by pressing buttons.
- The plotter's pinch rollers are adjustable, so the paper stays in place when using rolls of media.. With this function, you can use the plotter to make materials for large light boxes.
- This Cutting Plotter can work with Artcut, Flexi Sign, Signcut, WinPCsgin, SignBalzer, SignLab, etc., CorelDRAW plug-in driver (Cutmate2.0) is available for this machine. It supports direct cut-outs from `CorelDRAW` 11, 12, X3.

Standard Accessories:

- WinPCSign basic 2009 (Contour cutting version).

- User Manual (CD), CorelDraw driver Cutmate2.3 (optional)
- 1 RS232 serial cable.
- 1 power cable.
- 3 cutting blades.
- 1 blade holder.
- 1 pen holder.
- 1 coat for the plotter.
- 1 deluxe aluminum stand (optional).

Spare Parts:

Roland blade (30, 45, and 60 degrees): +\$1.5 (common blade) / \$3.00 (A-grade blade)

Cutting mat: +\$5.00

Warranty and Aftersales Service

Comprehensive warranty for one year except for spare parts.

24-hour technical support by email or telephone.

User-friendly English manual for machine use and maintenance.
