Overview

Description:

- Large format 60 x 80cm for high efficiency.
- Fully automatic, only need one person to operate the machine.
- Dual/two printing tables are designed at one side of the machine, occupy less space.
- Very thick aluminum heating plate, no cold sport on printing.
- Plate on print table is mirror aluminum sheet (instead of iron sheet), pressure can be distributed more evenly and uniformly.
- Strong machine body frame, machine can be used for long time.
- Digital Control Panel, digital display, easy to operate.
