Overview

1 Color Screen Printing Manual Screen Printing Equipment

Features:

This machine is specially designed for one color T-shirt screen printing because of its dedicated T-shirt pallet which can guarantee the accurate positioning and good printing effect.

It can also be applied to printing on substrates which need overprinting, such as pillowcase, bag, non-woven bags and so on. The user can only change the pallet according to the substrates to satisfy the needs of different kinds of printing and it is easy to dismantle the pallet.

Using the lever principle to control the handgrip, lift up the screen frame and hook it.

Parameters:

Pallet Size: 17.7"x21.7" (45x55cm)

Machine Size: 24"x20"x8" (63x50x20cm)

Pallet thickness: 0.7" (1.8cm)

Net Weight: 22Lb (10kg)

Gross Weight: 26Lb (12kg)

Package Size: 24"x20"x8" (63x50x20cm)

Width of the screen frame clamp: 9.4" (24cm)

Detail:

Main features and functions of the machine:
