Overview

This UV Bulb VZero 085D is suitable for Agfa Anapurna M UV printers. This is the original Agfa manufactured UV lamp (part number 500175). There is a product warranty of one year with this UV lamp.

This VZero 085D UV lamp is a highly compact, ultra lightweight, modular UV system, designed specifically for inkjet curing applications. With an arc length of 8.8cm and power output of 80/200 W/cm, this lamp represents one of the most effective, high output, high quality UV emitters of its size on the market today.

VZero Standard Features:

- Ultra compact 'footprint'
- High intensity reflector system
- Rapid warm-up and cool down
- In-head ignitors for reliable start and added safety
- Positive integrated air-cooling
- Up to 1000 hour guaranteed lamp-life
- Low voltage, extendable length power lead
- Plug and socket cabling connections
- One year Warranty

VZero Operation:

- Lamp warm-up: 20-30 seconds
- Lamp cool-down: 40-50 seconds
- Focal length: 60mm from lamphead

Power Supply:
