Overview

Feature:

Adopts the Latest Light Side-Emitting Technology make the lamp Ultra-Thin, the thickness/Highness of the Lamp is about 20mm
It will be perfect for the low ceiling lighting application. Space Saving
The light comes out from the LED then goes into the LGP (Light Guide Plate), then exits from the LD (Light Diffuser). This indirect light is more soft and comfortable, Glare free
Upgraded SMD 2835 LED chip
No RF interference & no mercury or hazardous materials
High efficiency light distribution and luminous efficiency, about 75%-80% light utilization rate
Double Reflector Design: Silver Nano Reflector + Polymer Reflector, most the light can be really used
Aluminum Casting Lamp Body, good Heat Sink Material, Rustles and Light weight
Lifespan up to 50.000hrs
Comes with LED drive
CE approved. Safe and Reliable
Fast plug-in Connector provided, convenient to use
Perfect for corridor, hallway, living room, meeting room, office, store, super market, exhibition, or other home and commercial use
