An advertisement for a pet UV sterilizer. The image shows a hand holding a white, handheld UV device that is emitting a purple light. In the background, a kitchen sink is visible. To the left of the hand-held device, a smaller, upright version of the device is shown. The text 'Pet uv sterilizer' is at the top left. Below it, a purple box contains the text 'Stay away from pet germs'. Further down, the text 'Smart aseptic' is displayed. At the bottom, the text 'Sterilize and remove mites' and 'Pet supplies disinfection, pet body sterilization' is shown. There are also small blue virus-like icons floating in the air between the two devices.
