- Made of clear acrylic for delicate outer appearance.
- Energy saving, adopting LED light is 75% power saving compared with traditional lightbox.
- LED lighting, mild and soft which is comfortable for eyes.

# Details

## Description:

Crystal super slim light box made of acrylic that is high brightness, is easy to change pictures, safe, power-saving and long life-span. The lightbox adopts side-guide lighting design using high-quality guide light panel which distributes light evenly. Clear crystal slim light box with only 10mm-thickness adds its value and looks high-grade. Crystal LED slim light box is clear with high brightness because of its high quality guide light panel distributing light evenly. Its fine performance of transparency makes the lightbox have a better effect for image displaying.
