Description:

After rigorous test by our research and develop team; a pioneer and beneficial technology was launched, the A3 t-shirt printer. Our t-shirt Printer can print any design directly into `the` t-shirts (on any color), living a very vivid and clear color, there is no color deviation. It is more efficient, fastest and easier to use than the traditional printing process, even though in there is only one t-shirt to print, the cost rate is very low.

QA

Q

What are wearable parts of the machine?

A	<p>The wearable parts are print head, ink damper and ink station.</p> <p>Reply by sign-in-china</p>
Q	<p>Can we print Orange color and white with this printer?</p>
A	<p>Yes, this printer is designed for T-shirt printing with 5 colors ink cartridges, namely C M Y K White. It can also print orange color with RIP software.</p> <p>Reply by sign-in-china</p>
Q	<p>Should we buy any coating if I use your printer?</p>
A	<p>A pretreatment solution has to be needed before printing on T-shirt in black or dark colors.</p> <p>Reply by sign-in-china</p>
Q	<p>For using this printer, do I need any pre-treatment on the T-shirt?</p>
A	<p>Yes, you need to use the pre-coating liquid for the dark color T-shirt. While for light color T-shirt, you could use directly without any pre-treatment on it.</p> <p>Reply by sign-in-china</p>
Q	<p>For printing dark T-shirt, can I print colorful ink directly after using pre-coating liquid?</p>
A	<p>No, you also need to print the white color first and then do the colorful printing.</p> <p>Reply by sign-in-china</p>
Q	<p>How long does it take for the inks to dry (cure)?</p>
A	<p>It will be dry immediately.</p> <p>Reply by sign-in-china</p>
Q	<p>Ive watched the video and read your email. after the t-shirt gets printed, it has to pass for few seconds through the heater while covered with a yellow sheet. i would like to know if this yellow sheet is a single use sheet or a multiple use sheet.And if I buy a vinyl cutter,which one do you recommend?</p>
A	<p>Thanks for your response!The yellow sheet can be multiple used,its function is to keep the color of the image not faded when heated by the heaters. As to the vinyl cutter,I recommend you the product in this link,pls check:www.sign-in-china.com/products/2282/Vinyl_Cutter.html.,this item is very popular,thanks.</p> <p>Reply by sign-in-china</p>

Q	What would i need to purchase along with this printer for immediate usage when i recieve my printer via mail? what kind of inks? what chemicals i need? and the yellow paper used to protect printed ink when drying? ect....
A	<p>Dear Leshawn,thanks for your questions!You can buy some inks,one set heat transfer machine,then you can start your works.And the yellow paper is used to protect printed ink when drying,thanks</p> <p>Reply by sign-in-china</p>
Q	would i need to buy ink cartridges or just the ink alone?
A	<p>Dear Leshawn,this printer comes with the cartridges.You only need to purchase the inks,thanks.</p> <p>Reply by sign-in-china</p>
Q	and what colors should i order?
A	<p>Dear Leshawn,you can order T-shirt White Ink and Four Color T-shirt Ink(1L for each color),thanks.</p> <p>Reply by sign-in-china</p>
