QA

Q	Detailed information 1. Product installation 2. Delivery time to Nigeria 3. If there is cost of fairly used products if available
A	1.Product installation:There is the user manual(English version) with the machine,you can follow it to install the machine.2. Delivery time to Nigeria:Around 35 days by ocean shipping.3.Our machines are brand new,we don't sell used machines,thanks. Reply by sign-in-china
Q	Thank for you reply to my message, one more thing is that did this machine has attached computer or there is need to attach the computer to it so as it can print directly from the computer. The one I saw here in Nigeria print through a computer.
A	Yes,it need to attach the computer. You can design the picture through the computer and then print the image from the computer, thanks. Reply by sign-in-china
Q	We need device in goa india request transport duty charges custom pay total cost in indian rs please detail me
A	We can ship this printer to your nearest port.As to the customs duty,you can ask your local customs office how much you need to pay for importing this printer,thanks. Reply by sign-in-china
Q	Hello. We own a GhongZeng Printer with Specta Polaris Printheads. We wanted to know if you have any Control Software or PrintManager we can use with our Machine?. Thanks
A	Dear Alberto,sorry we don't have the Control Software or PrintManager for your machine.You can contact your supplier,they usually have the website for you to download the software,thanks. Reply by sign-in-china
