### Overview

The bestselling Y-band outdoor banner stands out from `the` crowd with this exciting new outdoor banner stand. Its unique design means it is equally at home in exhibitions or outdoor events. It combines affordability, durability and sheer quality.

The outdoor banner display unique telescopic pole makes this an adjustable banner stand and ensures your digitally printed PVC banners always looks great. Its base is made of high quality steel weighed 4.4kgs that makes it more stable for outdoor.

The outdoor Y banner's parts are made of export ABS which can't be aging in the sunny and raining. It uses the thick aluminum pole which is stronger and won't be bent if hang the 10kgs things.

#### Application:

This outdoor banner stand is ideal for use for exhibitions, trade shows, conferences, promotional advertising, outdoor event or anywhere else where you need to get your marketing message across using a display graphic with impact.
