QA

Q

what files does it accept, i.e. - jpeg, tiff, png?

A

All of them are acceptable. Our printer canuse Photoshop, Illustrator, and CorelDraw for output.

Reply by [sign-in-china](#)

Q	Can the ink cartridge be refilled?
A	<p>Of course, it can be refilled because our printer adopts high-capacity continuous ink system.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	Is the machine reliable to be used over 3 years?
A	<p>We do adopt MD (Modular Design) when we produce the machine. If there is any part breaks down, you just need to use new part replacingit. The printer should be used for more than 5 years at least.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	What is the printing speed?
A	<p>For A3 format, it takes 3mins under the photo quality mode.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	May I use this printer for printing T-shirt and other materials?
A	<p>This ink solution is used for printing T-shirt only.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	What is the maximum thickness of the fabric on which to print?
A	<p>The Max.thickness of fabric is 7.9" (200mm),thanks.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	<p>This printer is Ok for us but need to confirmed the printing quality is must be washable , also advise after print need Heat Press for Permanent the color ?and advise how adjust the printing color, i means once our buyer have requirement pantone color TPX-11-3839 then how to adjust this color ?hope you will understand well , thanks for advise point to point</p>

A	<p>If you print on fabrics,this printer is the better choice.After the print,you need to use the heat press machine to make the color more stable.As to the adjustment of the printing color,you only need to adjust the color of the picture on your computer,that means what is the color of your picture,what color you will print out.Also the printer software RIP support the third party Correct Colors,you can use ICC to correct the colors.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	<p>Can this machine print silky cloth like satin fabric,i want to use the label for mattress labeling,and can you please send me a picture sample of this machine print out.</p>
A	<p>Thanks for your information! Does the silky cloth material contain the cotton?The printing materials should contain more than 80% cotton,then the printing quality can be guaranteed.This printer Ink cost is around 8-10ml per square meter with 80% coverage, about 1.5-2.0USD/SM.,thanks.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	<p>This printer is suitable for all colors of ink and colors of shirts?</p>
A	<p>Dear Ohad,yes this printer suitable for 6-color Ink Jet(Y,M,C,K,W,W),and it can print on both dark and light color T-shirts,thanks.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	<p>What colors that the printer can not print on t-shirts?</p>
A	<p>Dear Ohad,this printer is your best choice for printing t shirts,it can print all colors:C,M,Y,K,W ,thanks.</p> <p>Reply by <a href="#">sign-in-china</a></p>
