Overview

Descriptions:

This kind of rotary paper trimmer is all designed with automatically paper-fixing function. The automatically rotary blade makes the cutter sharp and durable. The scale indicating both centimeter and inch makes it more accurate, more convenient, more efficient and more applicable, avoiding the move of paper fixed. There are no rough edges on finished products, which is superior to other normal products with this regards. Its breadth is 60 inch and board dimension is 66.1"*13.0" (1680*330mm). Rotary paper cutter is made of aluminum alloy with support stand. The large format paper trimmer not only applies to paper but also for outdoor printing materials, such as KT board, PVC foam board, etc. As for the cutting thickness, for PVC board and paper is within 1mm, for the KT board, PVC foam board is within 8mm.

Remark:

M SERIES (CONTAINS STAND)

Specifications

Parameters:
