

## 63" x 45" (1600mm x 1150mm) Laser Engraver Cutter

Item Code: LEM-LD-1600H

FOB Price: **\$8,286/set**

Price: **\$7,199/set**

You Save: **\$1087.00(13%)**

Mini Order: 1 set

Shipping Weight: ★★☆☆☆

Average Rating: 2758.8lb (1254kg)

### Overview

**Main Function:** Scan/engrave/cut

#### Application:

This laser engraving and cutting machine is equipped with a standard knife shape aluminum rib working table and a standby honeycomb working table, so it can be used in more industries, such as music instrument, art gift, advertising decoration, toy, electronic industry, cutting of template, paper product, costume products and so on.

#### Materials that can be engraved:

This laser engraving and cutting machine can engrave on all kinds of nonmetal materials and parts of coated metals, such as bamboo, putamina of coconut, paper, plexiglass, [acrylic](#), marble, jade, crystal. It also features a cutting function. With the rotating unit, it can engrave on a cylinder objects, such as cup, pencil vase and so on. It breaks through the limitation of the planar engraving and augments the range of the working.

#### Product Highlights:

- . Luxurious outlook design, unique door for the limitless engraved materials through. It can engrave on nonmetal materials with high speed and high precision.
- . Professional DSP controlling system, compatible with AutoCAD, CorelDraw, Photoshop, and other kinds of graph disposal software.
- . Adopt step subdivision driver, numeral timing, simulation quantum control laser power, little error, high repeat precision, engrave 3mm little character perfectly.
- . This laser engraving and cutting machine is equipped with manual up-down lift working platform for your option, its max. Lifting height can reach to 300mm (11.8"), which greatly broaden the scope of processing objects.
- . Professional laser electrical power and laser tube with high quality makes the laser engravings run stably.
- . LED control panel makes the laser [engraving and cutting machine](#) easy operation.. Imported high precision beeline slide-ways, imported professional optical system, improve the engraving quality.. This laser engraving and cutting machine adopts specialized engraving and cutting software, the software is explored for large-area and high-speed engraving and cutting. It can edit processing graphics, set up processing parameters, control processing procedure and output processing graphics.
- . This laser engraving and cutting machine adopts specialized engraving and cutting software, the software is explored for large-area and high-speed engraving and cutting. It can edit processing graphics, set up processing parameters, control processing procedure and output processing graphics.

LED control panel	beeline slide-ways	Focus lens

#### Spare Parts:

Glass laser tube 80W (1.4m): +\$458

Reflective mirror(F25): +\$26

Focus lens(F20) : +\$98

With the following optional devices, more functions can be added to the laser engraver(prices are not included in the selling laser engraver):

Co2 Glass Laser Tube 100W(1.6m): +\$680

Rotary Fixture: Used for engraving on the surface of column of 780-100mm(3.15"-3.94"). +\$688

Water Chiller: It can extend the using life of laser source, and ensure the engraving effect better. +\$331

#### Guarantee & Aftersales Service:

Laser tube 1000-2000 hours' working time.

Comprehensive guarantee for one year except the spare parts.

24-hour technical support by email or calling.

User-friendly English manual for machine using and maintaining.

#### Samples:

## Details

Support Image Format	AI, BMP, PLT, DXF and DST
Engraving Precision	Chinese characters: 0.14" x 0.14" (3.5 x 3.5mm),
Max. Engraving Speed	3150" (80000mm)/min (speed adjustable)
Effective Engraving Area	63" x 45.3" (1600 x 1150mm)
Laser Power	CO2 glass laser tube 80W

## Specifications

Model	LEM-LD-1600H
Max. Engraving Area	63" x 45.3" (1600 x 1150mm)
Laser Power	CO2 glass laser tube 80W
Max. Engraving Speed	80000mm/min(3150")(speed adjustable)
Max. Cutting Speed	1181" (30000mm)/s
Max. Cutting Thickness	0.79" (20mm) (acrylic)
Min. Engraving Characters Size	Chinese characters: 3.5*3.5mm (0.14"*0.14"), English letters: 1.5*1.5mm (0.059"*0.059")
Positioning Precision	0.025mm(0.0009")
Repeat Precision	0.01mm(0.0003")
Resolution	?1000dpi (1000dpi is the best)
Power of the Water Pump, Air Blower, Air Pump	(100+250+105) W
Whole Power	500-2000W
Cooling Way	Water cooling and protection system

Support Image Format	AI, BMP, PLT, DXF and DST (embroidery software)
Engraving Software	Specialized engraving and cutting software(Wentai engraving software)
Power Support	AC 220V/50Hz
Interface	LPT (support connect with computer directly)
Working Temperature	0-45 degree
Standard Equipment	Exhaust fan, exhaust pipe, water pump, air pump, water box, knife shape aluminum rib working table, and a standby honeycomb working table.
Spare Parts	Reflective mirror, lens, and laser tube.
Optional Device	Water Chiller, rotating clamp, SP series control handle (support USB interface), co2 laser tube 100W made in china.
Machine Dimension	80.8" x 48.8" x 35.4" (2053 x 1240 x 900mm)
Machine Weight	881.9Lb (400kg)
Package	Fumigation free package
Packing Size	89.8" x 76.8" x 55.5" (2280 x 1950 x 1410mm)
Gross Weight	1234.6Lb (560kg)
