Overview

- .Including customized graphic printing
- .Very simple to transport
- .Tubular framing snaps together in minutes. No additional hardware needed
- .Seamless dye-sublimated fabric backwall

This booth display is a great addition to any trade show presentation. The booth display, also known as banner stands, is printed from a user's submitted layouts. The custom signage goes through a dye-sublimation printing process on high stretch fabric. The resolution is 720 DPI, which results in a brightly colored and detailed exhibit. The stretchy material eliminates wrinkles when pulled taut. This booth display is constructed from an aluminum tube frame that sets up with a snap of a button. The trade show backdrop is therefore incredibly portable due to the knockdown design.

Includes:

- .Aluminum Frame
- .Travel bag
- .Single Sided Graphic Print

Options:
Spot Light: \$29/set

- 150 watt halogen light fixtures
- halogen bulb
- molded carry case
