### Overview

#### Features:

This Normandy Pop Up Display adopts limit rods/replaceable folding parts, retractable magnetic rods. The upper and lower lacing wires are made of aluminium materials, which makes it more flat. It has characteristics of elegance and easy installation. The body is fixed with wheels, which makes it easy to carry and has an effect of the backboard wall.

#### Production Configuration:

Large-sized trolley case, internal bladder, large-sized display lights of European Standard, magnetic stripes, black rubber board, aluminium lacing wires.
