Overview

Features:

- Includes a full color feather flag, with CMYK digitally printed graphics.
- Carbon composite fiber poles, superb flexibility to prevent breaking.
- The Water Base is designed to fit over the Rotating Base above, this gives greater stability outdoors in windy weather.
- Light weighted flagpole. Simple handling, no tools required.

Description:

A feather banner, or flying flag, is a very effective way of bringing more attention to your business. Our feather banners are made up of 2 aluminum poles and 2 carbon poles that fit inside the hem of a full-color digitally printed polyester weave banner, which stands upright on the steel base. This portable flag stand is not designed to be used with winds exceeding 20 MPH.

Note:

Graphic artwork and printing idea are both accepted.

Graphic file requirement?

- CMYK Color Model
- Resolution must be 72-125dpi
- Convert all fonts to outlines and include all fonts used
