- Graphics can be changed quickly, top and bottom bars can be snapped shut
- Strong, stable and stylish
- Fast & easy assembly; no tools required
- One of the most cost-effective banner stands available
- Ideal for high-volume orders (bulk discounts are available)

#### Make a deep impression, anywhere

The all new design is simple, containing no moving parts, making it one of our lowest priced banner stands. Inexpensive but well made, the Eco banner combines affordability, durability and simplicity of use. It is priced lower than other banner displays and retractable banner systems in the market, making it ideal for larger orders.

It includes no tools, resulting in no complications when it comes to putting this banner stand together; it can be ready to attract trade show traffic within minutes. Banner stand graphics can be printed on our large format digital printers. Built with a tear-proof material, it is over-laminated with a protective scratch-resistant graphic film, producing as a result the best quality display graphics. All artwork, digital print and finishing are created in-house, so graphics are delivered quickly.

### Easy-to-change exhibition graphics

A unique system that snaps shut makes the interchanging of display graphics quick and easy. It is designed to work simply, cost effectively and reliably for anyone; anywhere, anytime. This affordable banner stand will get your message across anywhere.

### Application:

It is ideal to be used in exhibitions, trade shows, conferences, promotional advertising or anywhere else where a display graphic with impact might be needed.
