QA

Q	do you also have the cartridge
A	<div>Yes, we have cartridge for selling.</div> <div>Reply by <a href="#">sign-in-china</a></div>
Q	How i used the substances for the flowers and the adornments ?
A	<div>As for how to paint flowers and adornments, it is similar to nails. Just precoating.</div> <div>Reply by <a href="#">sign-in-china</a></div>
Q	when i paint the nails, it vanished with water, what can i do?
A	<div>First, paint the precoating. (please check discription on bottles)</div> <div>Second, put your fingers to the machine, and print.</div> <div>Third, print the protecting liquid. (nail saver)</div> <div>Reply by <a href="#">sign-in-china</a></div>
Q	can i buy the cartridge in my local?
A	<div>yes, please buy the same model.</div> <div>Reply by <a href="#">sign-in-china</a></div>

Q	Can you advise how many flowers can be printed per one cartridge. And, how many flowers a bottle of pre-coating will make?
A	<p>The print number of flowers is depend on the color of the printing. Normally one cartridge can print around 1500 flowers, a bottle of pre-coating can make 1000 pcs flowers.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	Is it possible to use any nail polisher liquid or color nail liquid to work with the machine? I see on the video they use only the "special liquid" just before printing, so that means we can use any other nail color polishing under this "special one", right?
A	<p>There is the Special Coating liquid comes with the machine. And you can buy the nail polisher in your local, any nail polisher is ok.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	Why the SIC-HN-CF-NT05 have cam outside ?
A	<p>It can adjust the position while printing. More accurate location of printing.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	Is the software compatible with MAC OSX ?
A	<p>No. It only support windows 7 and window XP , 32 bytes system.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	Is the software for nail printers in all languages available or only in English?
A	<p>Yes, it is English at moment.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	What type of ink cartridge dose this printer use?

A

The printer uses water-based ink cartridge and it also needs special coating before printing. Here is the brand and the model: ?Lexmark, black17, color 27 ?Lenovo, black 11.color13
