Q

Does your machine Cut stainless Steel?

A	<p>Yes, it can cut the stainless steel with very good cutting effect.</p> <p>Reply by <a href="#">sign-in-china</a></p>
Q	<p>Does it cut curves or should be provided with rotary system to enable cutting curves?</p>
A	<p>The machine cutting and engraving is completed through the software, if your materials are flat, it can cut both curve and straight line without rotary system, so please tell us the shape of your material, and better show us some photos</p> <p>Reply by <a href="#">sign-in-china</a></p>
