Overview

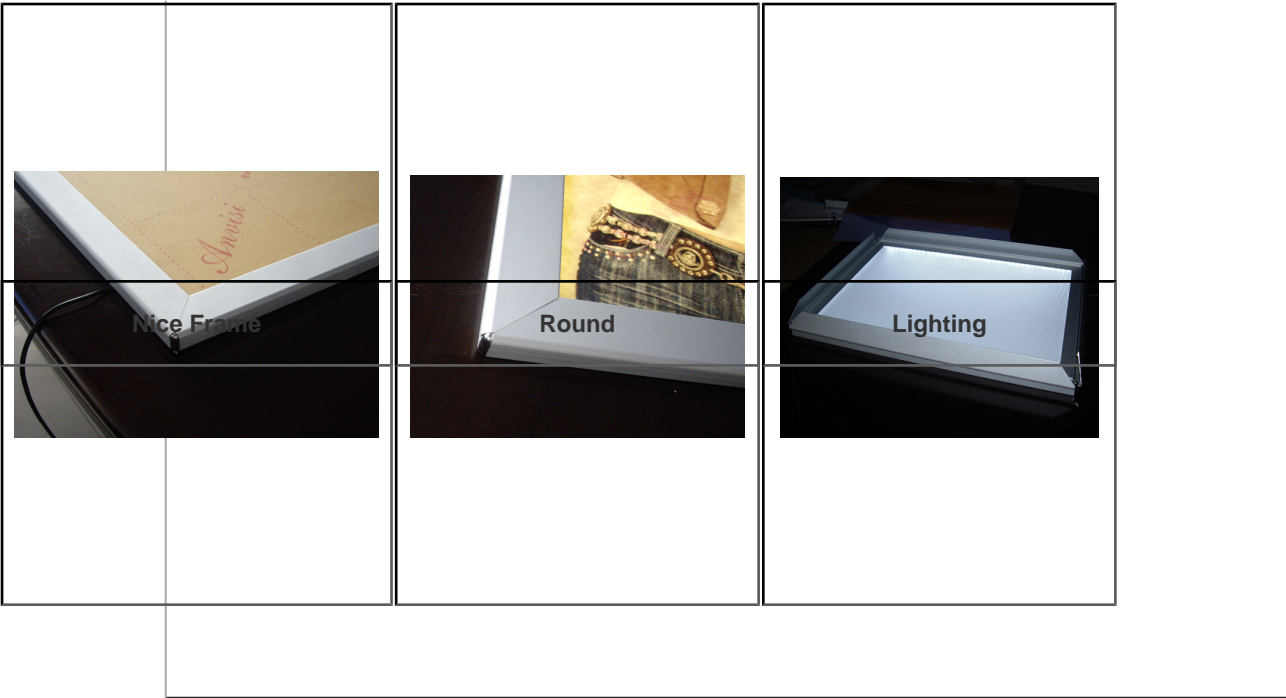

Descriptions:

This slim light box features a unique design with rounded corners on all sides for added safety and the protection of workers' fingers when opening the snap frame. With a delicate design measuring 0.7" (18mm) in thickness and 1.5" (30mm) in width, it includes energy saving LED lights that are comfortable for the eyes. This type of light box is preferred by most costumers and is widely used in supermarkets, chain stores, shopping centers, hotels, restaurants, and building walls, amongst other places.

Characteristics:

- Designed with round corners, safe proved and convenient to operate.
- An aluminum alloy snap frame make the interchanging of graphics an easy task.
- Includes mild and soft LED lights, which provide brightness that is comfortable for the eyes.
- 70 to 80% more energy efficient than traditional light boxes.
- High-quality guide plate distributes light evenly.
- Long life span that can reach up to 30,000hrs, as long as the light attenuation is kept below 10% in the first 8,000hrs.
- CE,UL certificate.

Remarks:
The overall image size needs to be larger than the viewing size in order to have a perfect fit and a great view of the image. This applies to all A1-A4 models.
