Overview

. Including customized graphic printing
. Very simple to transport
. Tubular framing snaps together in minutes. No additional hardware needed
. Seamless dye-sublimated fabric backwall

This booth display is a great addition to any trade show presentation.The booth display, also known as banner stands, is printed from `a` user's submitted layouts. The custom signage goes through a dye-sublimation printing process on high stretch fabric. The resolution is 720 DPI, which results in a brightly colored and detailed exhibit. The stretchy material eliminates wrinkles when pulled taut. This booth display is constructed from `an` aluminum tube frame that sets up with a snap of a button. The trade show backdrop is therefore incredibly portable due to the knockdown design.

 Includes:
.Aluminum Frame
.Travel bag
.Graphic Print

Options:
Spot Light: $29/set

• 150 watt halogen light fixtures
• halogen bulb
• molded carry case
