Overview

To be used with: HP 5000/ 5000PS and HP 5500/ 5500PS printers

Color scheme: CMYK, LC, LM

Package type: Cartridge

Volume: 23.0USfloz (680ml)/Cartridge

Average lifespan: 6-12months.

Applications:

This is a water-based dye ink, suitable for HP 5000/ 5000PS/ 5500/ 5500PS thermal foaming printers. An IC chip is included, along with an original cartridge package and it can be used immediately after being equipped.

Description:

- Adopting the best specialized dye ink and high color saturation for a vivid image coloring, this cartridge is adjusted by a pantone color chart in order to provide accurate color restoration. It also features a wide range of colors and a very small margin of error that is easily adjusted by an ICC curve, according to standard ink color references.
- It features UV absorbing properties.
- The print head lifespan can be prolonged by having good fluency and an unclogged nozzle.
- Colors can be kept unfaded indoors for two years, or even longer, as long as the printed material has a coated film.
- This is a non-toxic, odorless and corrosion resistant part, and is safe to be put to use or kept in storage.
- Materials printed with this cartridge are fast drying, making this product ideal for mass production projects.

Notes:

The promotional price is valid for one month.
Also we can supply matched ink in 1,000ml bottles.
