### Overview

- The velcro brand hook&loop and car life belt make the complex belt
- Better toughness and elasticity
- Adjust the base to keep whole balance in any random out-of-flatness group
- Bevel balance design make it stabilization
- Improve traditional pop-up stand shaking

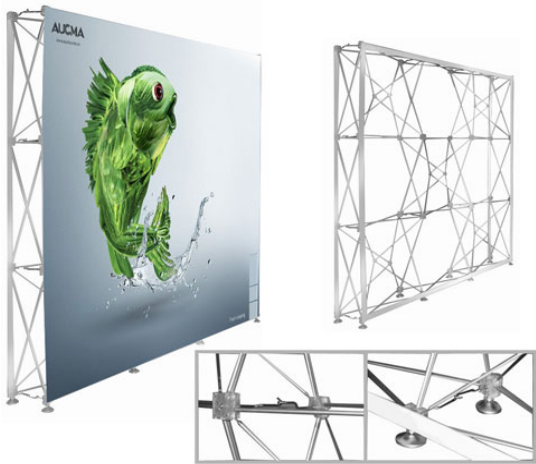

Many customers have been tired of the old fashion hanging process. Due to it must match the pictures. For many times if want to hang the pictures perfectly. However, it doesn't depend itself, but for the flatness of the group and the dilatibility of print material will cause the picture.

8 years ago, aboard designer dropped a huge bomb in the branch while the displaying the whole fabrics picture by pop-up. 2 years ago, we improved it in a large measure as per the theory.

This fast pop up display use the velcro brand hook&loop and car life belt make the complex belt. That has better toughness and elasticity. The standard parts of complex belt hide inside that doesn't influence hanging at all. Adjust the base can keep the whole balance in any random out-of-flatness group. Bevel balance design make it stabilization. Improve traditional pop-up stand shaking.

Application:

This pop-up display is applicable for exhibitions.
