Overview

- **Lightweight, Portable, and Collapsible Design**
- **4 Polycarbonate Pockets Hold Magazines and Catalogs**
- **Includes 1 PixQuick 8 ½" x 11" Sign Holder**
- **Carrying Bag Included for Transportation**

This folding literature rack features four magazine pockets and an 8 ½" x 11" curved sign frame. A folding literature holder, also known as a magazine rack, is great for trade shows, exhibitions, and conventions. Designed to be lightweight and compact, this literature holder sets up and collapses in minutes. Four literature pockets are made of shock resistant polycarbonate, and hold your magazines even when the unit is collapsed. The side braces of this display are made of silver anodized aluminum materials that easily lock into place.

This folding literature holder comes with a curved sign frame made of durable polycarbonate materials. This sign frame is designed to hold 8 ½" x 11" graphics. To insert a sign, simply swing open the front panel of the frame, place your graphics inside, and swing shut. For easy transportation, we sell this folding literature holder with a carrying bag. Each literature display weighs just 13lbs.

Application:

Great for tradeshow, exhibitions, and conventions.
