Overview

Characteristics:

- This Self-Adhesive Vinyl use the white glue. and the performance of coverage is well.
- The surface film has the good performance of the ink absorbing, can be applied to a wide range of inkjet printers.
- Use the removable glue, to ensure the cleanliness of the bottom paper and facilitate to the second use

Details

High Quality Bubble-free White Glue Self-adhesive Vinyl Film/Vehicle Paster

—Sizes (Double standards):

1.27*50m;50"*54.6Y

—Net Weight: 15.8kg

—Glue: White (removable)

—Thickness: 80 Micron

—Weight of Release Paper: 140g/m²

Usage?

Usage:

Put our high quality bubble-free & white glue self-adhesive vinyl film/vehicle paster into inkjet printer, and print on the patterns designed.

The application of the printer types:

Solvent: Vutek, Noel, Scitex, DGI, Teckwin, Yaselan, Flora, Fitto, Infinity, GongZheng, LiYu.

ECO solvent: Mutoh, Roland, 9.8' (3m), Mimaki and others.

Performance

The vehicle paster has high sun-resistant performance, the color effect of common materials against solarization can last at least more than three years, and it does fade, crack, oxidize, etc

The vehicle paster is also called stickers, but they are not ordinary paper. The vehicle pasters are made of high quality PVC materials as basic raw materials which have excellent waterproofness, and you totally no need to worry it to be damaged from washing and raining.

used for the wide format digital printing indoor and outdoor, the eco solvent printing and screen printing, mainly used in advertising of the windows of the buses, taxis, subway and other means of transport, glass wall advertising, windows of shopping mall advertising.

Large-format vehicle pasters/advertisement stickers are widely used.

The right side of vehicle

The left side of vehicle

Wet pasting method: it is suitable for wrapping large vehicles (two-person working together is recommended)

The procedures and tools: water sprayer, clean rag, flake flattener, snap-Off Knife, blow dryer

- After the vehicle body is cleaned, spray water on the area you paste with the paster by water sprayer– which is mainly used to reduce viscosity of the paster, and facilitate the position adjustment.
- Once the pasting position is confirmed, strip up the paster along with the transfer film (the transparent film which is adhered on the Reflective wrapper), from right to left (or top to bottom), press and flatten them onto the vehicle body with rag, at the same time, peel off the release paper.?
- Regarding to the handle or the bumper strip, cut off or enfold the paster according to the circumstance.
- Timely adjust the position of the graphics, repeatedly scrape off the bubbles and water with flake flattener from right to left in an oblique way after the position of the graphics is confirmed, and finally remove the transparent transfer film.
- Cut off when coming to the door and joint with snap-Off Knife, and paste the paster inwards wherever possible.
- Dry the water underneath the paster as much as possible, and use the blow dryer to heat moderately if the condition allows.

Suggestion: We suggest neither to solarize the vehicle within 24 hours, nor to wash it within 48 hours as far as possible.

Specifications

Item	Specification	
PVC material	type	imported PVC
	thickness	95 ± 5 micron
	color	white?glossy
	tensile strength	? 22 N/mm2 (MD / CD)
	elongation	? 150 (MD / CD)
	glossiness (20° Gardner)	? 50
	shrink rate	? 0.8 %
	surface tension	? 35 dn/cm
	hiding rare	> 90 %
Glue	type	solvent-based transparent pressure-sensitive adhesiv
	glue dry weight	20 ± 2 gsm
	adhesion for 20 minutes	> 600g/25mm
	adhesion for 24 hours	> 800g/25mm
	shearing force	> 1000 min.
	releasing force	50 - 150 g/50mm
Release paper	type	CCK
	color	white
	basis weight	125 gsm
Standard size	width	980 / 1070 / 1270/ 1370 / 1520
	length	50 m/R(piece-ups?0)
Warranty time for outdoors	three years(under conditions of proper usage and normal climate)	
Application	It is made of imported PVC materials, has excellent digital printing and screen printing performance, a signs and vehicle pasters and so on.
