### Overview

- .Adopting Leister hot air gun.
- .Widely used, for more thicker materials.
- .Running steadily and joint material firmly.
- .Reasonable machinery structure for durable usage.

Hot air flex banner welder whose voltage is 220V is a portable and smart welding tool for insite usage. It's widely used for flex banner, tent, pool liner can provide stable output, as the most important element, hot air gun is Leister. The welder adopting Leister hot air gun is controlled by auto-cooling system and adjusted continuously. It's smart and easy to joint flex banner, tent, etc with any format steadily and durably. Reasonable machinery structure make the machine running steady and joint materials firmly and looks flat and elaborate.

#### Packing Details:

Packing Size: 28.0"\*19.3"\*15.7" (71\*49\*40cm)

Gross Weight: 110.2lb (50kg)

### Specifications

#### Specifications:

model	CS-HWM-7001A
Voltage	230V

Frequency	50HZ
Power	3400W
Working temperature	200°C-6200°C
Air flow	500l/min 50&100%
Pressure static	Max.5000Pa
Driving speed	590.6"-236.2" (1.5-6m)/min
Dimension	23.6"x16.9"x12.2" (600x430x310mm)
Net weight	55.1lb (25kg)
