### **Overview**

### **Characteristics:**

It is changed on the base of a poster shelf model 42, by adding a custom-made 19'LCD. It adds dynamic displays to a static picture, making it more impressive.

#### **Picture Size:**

Single unit:  $60cm(W) \times 180cm(H)$ , but the height can be customized if necessary. Several single units can be combined, to be used without limits.

#### Application:

Ideal for any trade show event.

#### Note

The price of LCD holder (Optional, ?37.56/pc) is included in the FOB price, but the LCD is not.
