### Overview

#### Features:

The surface has the leather-shape lines, and the lines are just like the wooden and leather. This film used in the photos, large format pictures, and the surface of the books to play a role in protection.

Especially more used in the books' cover, can improve the quality of the cover. After laminating, we can see the leather texture clearly from `different` directions, and we will have the true and comfortable feeling of the leather.
