### Overview

#### Description:

- Ink bleeding free on media, able to print in a high speed mode, decreased banding and beading.
- Dramatically improve the anti-alcohol resistance.
- The scratching resistance has been significantly improved in New ECO ink formulation.
- High color reproduction.
- Safety substance and mild smell.
- Highly glossy.
- Do not need to create new ICC profile.

#### Characteristics:

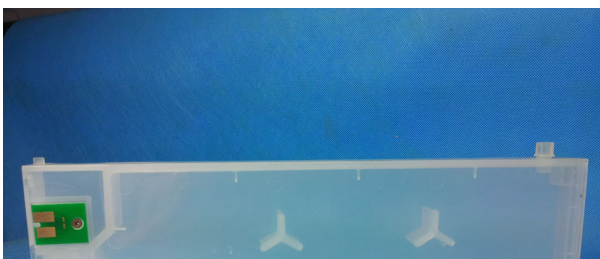

Slightly smell, suitable for piezoelectric printers, 6 color, bottle, water-proof and UV resistance, 24 months outdoor weather resistance, more than 15 months shelf time, no ICC profile needed.

#### Application:

Can be used on: Roland SJ/XJ/VP/SP/XC/SC/RS series. Mutoh RockHopper II/RockHopper II K, Falcon TL, ValueJet 1204 /1304 /1604 /1618, ValueJet 1614 /2216. Mimaki JV3-130SL /160SP /250SP, JV33-130 /160, JV5-130S /160S /260S /320S. Konica 42PL or 14PL & Seiko 35PL or 12PL printhead.

#### Solution:

If you were a user of original cartridges before, but now you want to reduce the expenses, we strongly recommend you to use the Continuous Ink Supply System (CISS) Cartridge which contains a permanent chip. It is very convenient to continually conducting printing simply by filling the cartridges with ECO-HH-001 ink when the printer is going to run out of ink. The price for one CISS Cartridge with 6 colors is \$240 (For Roland printers ). Compared with the original cartridges, the CISS Cartridges are beneficial to reduce the cost because they are refillable ink cartridges.
