

Noah 3-SMD 3020 Non Water-proof Module

Item Code: LED module-LT-C60X3-WNWF

FOB Price: **\$0.33/pc**

Mini Order: 200 pcs

Average Rating: 1b (kg)

[Inquire Now](#)

Overview

Characteristic:

Noah 3-SMD 3020 module adopts 3020 SMD LED light source. With the following features: large angle, small decline light, and light weight. Electrical design ensures a perfect performance of more than 50,000 hours working, energy saving, etc. And the Protection level is IP33 is suitable to be used as outdoor or indoor. Ultra-small ad word backlight.

Characteristics:

- . High brightness LED SMD as a lamp-house, with wide angle view and small aperture.
- . Controlled by the chips with constant current, has a steady current between the cathode and the anode.
- . Low voltage, safe, and jarless.
- . With a settled orifice and 3M gummed paper, very convenient to install.
- . Longlife above 80,000 hrs.
- . Low power consumption, energy conservation and electricity-saving.

Usage:

LED SMD modules are widely used for solid lighting character, LED signs, LED lighting box, scenery designs, decoration, etc.

Light parameters

LED type	SMD3020
LED quantity	3PCS
Optional color	W/CW
LED View Angle	?120°
Life span	50,000H

Luminous flux (lm)

White	cool white
0.5floz (15lm)	0.5floz (15lm)

Wavelength/ color temperature (nm/K)

White	Cool white
-------	------------

5000-7000 11000-15000

Electrical parameters

Operating Voltage	DC12V
Drive method	Constant voltage drive
Power	0.36W

Interface Standard

Interface definition	AWG 20 # wire, 5.9" (150mm), gray is positive, white is negative
Standard cascade	50PCS
Max cascade	?50PCS

Appearance

Color	Beige
Shell material	Anti-static ABS
Dimensions	2.4"*0.5"*0.2" (60*12*6mm)

Usage

Set screw	Bitmap
Adhesive fixed	Double faced adhesive tape

Environmental parameters

Operating temperature	-40?-50?
Storage temperature	-50?-60?
IP grade	IP33

Sample:

Details

LED Number	3
SMD Package Model	Other
Color	White
Shape	Rectangular

Brightness	Low
Material	Plastic
