### Overview

- . Magnetic Auto Open Feature.
- . Over-center pressure adjustment.
- . Digital time and temperature controller.
- . 15 x 15 inch Teflon coated upper heat platen.

#### Description:

The semi-automatic heat press machine uses advanced air spring with high temperatures and pressure to make an exact transfer on t-shirts, pants cloth, etc. Its top heating board will rise up automatically at the time it was set up, and using the same alarm settings for the next transfer.

#### Notice:

There are different colors for the case of the machine; you can select the one you prefer as long as we have them on stock. You can choose the machine color and just take into `consideration` this means additional delivery time.

#### Related Products

Epson Printer

Heat Transfer Blanks

Sublimation Ink

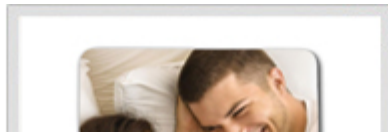

Heat Tranfer Paper\Film

#### Applications

The auto open heat press can make an exact transfer image you like on t-shirts, pillowcase, cloth, metal sheet, tiles, etc.
