- Deluxe snap frame header display
- Indoor or outdoors, sidewalk signs are ideal storefront signs to attract customers to your business

**Please Note:** Product is not intended for use in inclement weather, including high winds, rainstorms, or snow storms.

In this age of much bustle, where people are always in constant motion, the better way to get customers attention is locating advertising right in their line of travel! Sidewalk signs are the best way to turn passersby into `potential` customers for your business. These sidewalk signs, also known as pavement signs are free-standing poster sign frames that allow you to advertise products and services outside of your establishment. The dual sided sandwich board provides maximum poster sign exposure, allowing customers to view marketing signs from `both` directions. Pavement signs are also lightweight and portable which makes it easy to take your sidewalk display just about anywhere. This signs are made from `weather` resistant aluminum and make great outdoor marketing displays for hotels, movie theaters, restaurants, clubs and bars.

Unlike the ordinary "slide-in" sign posters, sidewalk signs feature too easy to use aluminum snap frames that allow you to change posters in seconds. Snap frames utilize spring-loaded edges, which flip open and shut with little effort. Each side of the sign frame accommodates a 60 x 85cm (top panel size: 60\*20cm) poster ideally suited for menus, movie posters, and sale advertisements. To insert/remove graphics simply flip open each of the 4 edges on the snap frame, peel back the clear, non-glare PVC poster protector and insert poster into `the` poster holder grooves. Once the poster is securely placed in the sidewalk display, reapply the poster protector, flip the snap frame closed and the sidewalk sign is ready to go.

Sidewalk signs are made from `durable` aluminum and are satin silver in color. These storefront signs are opened and contracted using the two metal hinges on the interior of the frame signs. When is in the open position, the metal hinges ensure a sturdy A-frame display that will not fall or tip over.

These sidewalk signs are set apart from `regular` pavement signs with their deluxe snap frame header display. Headers are designed for display of business titles, slogans, or marketing graphics.

Indoor or outdoor sidewalk signs are ideal storefront signs to attract customers to your business.

**Application:**  
Great for hotels, movie theaters, restaurants, clubs, bars and more.
